READ ALOUD · #331859

One click reads the answer aloud

Draft PR

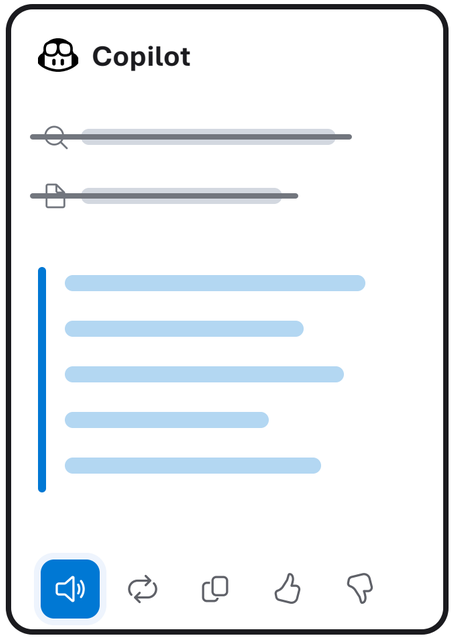

1. **Reads the answer, not the steps**
2. **No key? The platform voice reads it**

Sources: microsoft/vscode#331859, Read chat responses aloud

HOW READ ALOUD WORKS

A short first piece starts the sound fast

Draft PR

1 Answer only

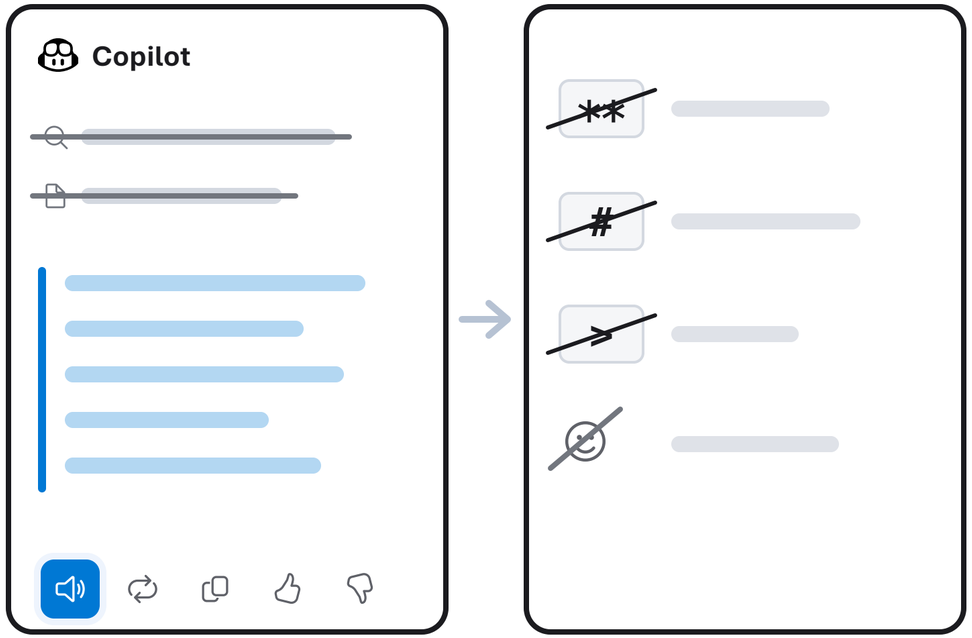

1 2 3 4 Answer only

Sources: microsoft/vscode#331859, Read chat responses aloud

HOW READ ALOUD WORKS

A short first piece starts the sound fast

Draft PR

1 Answer only

2 Clean it

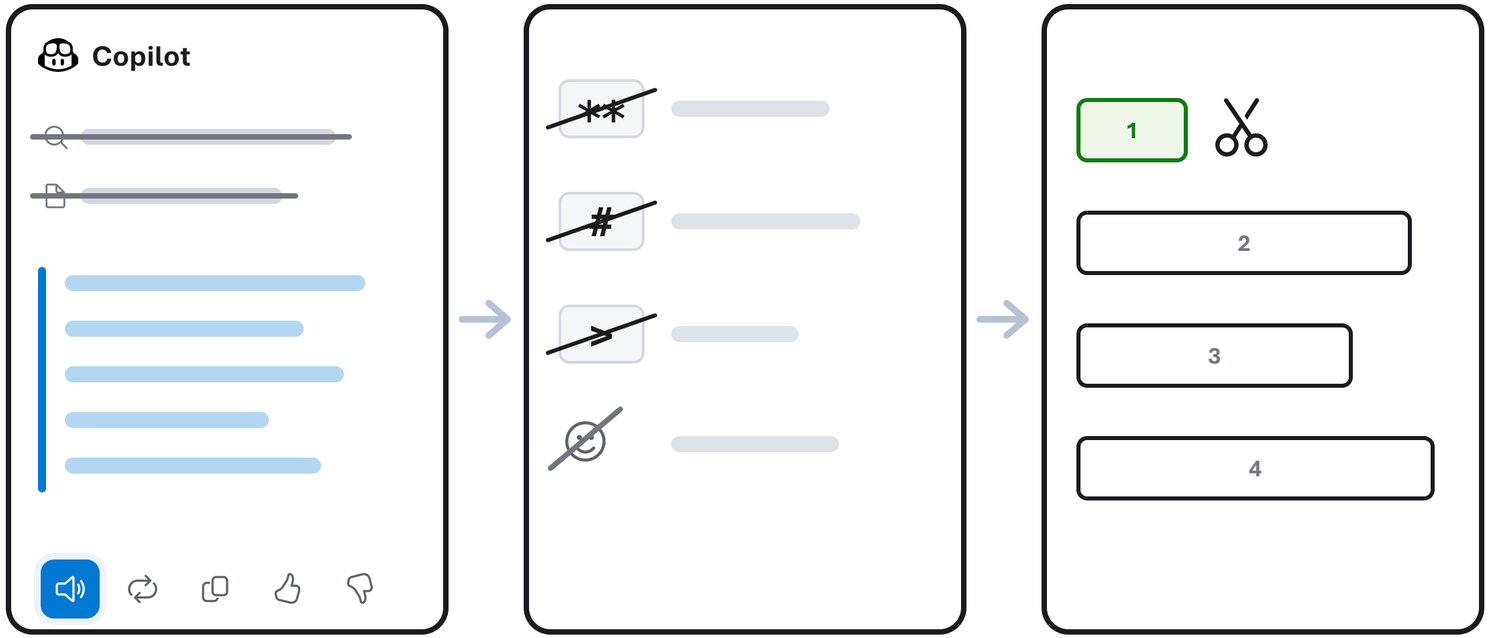

1 2 3 4 Clean it

Sources: microsoft/vscode#331859, Read chat responses aloud

HOW READ ALOUD WORKS

A short first piece starts the sound fast

Draft PR

1 Answer only

2 Clean it

3 Cut, short first

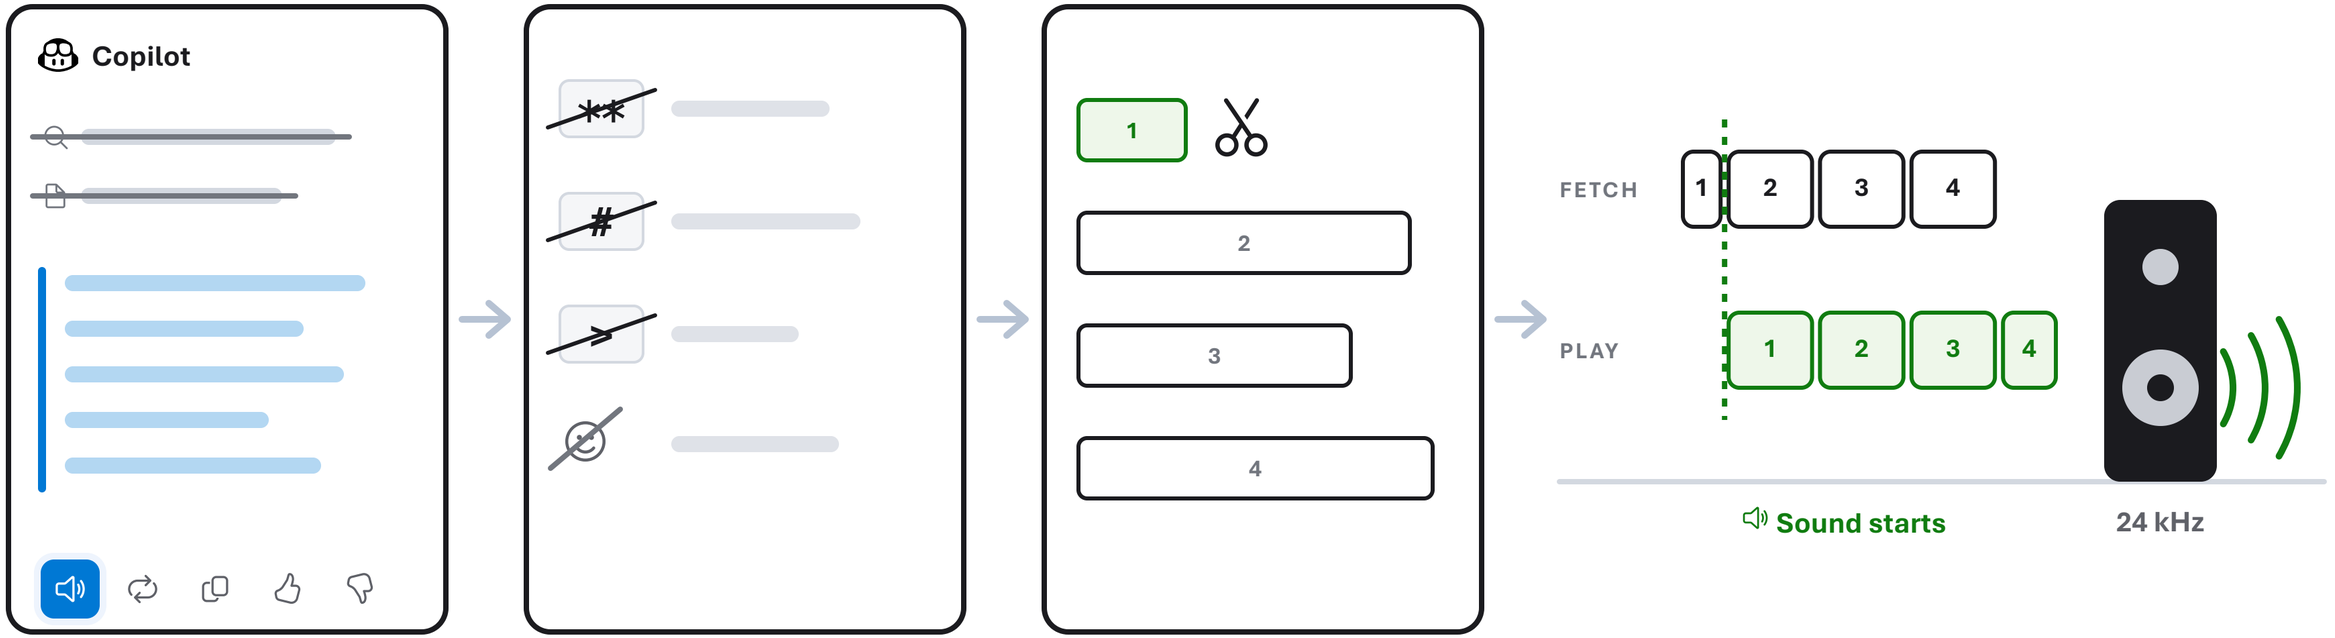

1 2 3 4 Cut, short first

WHAT READ ALOUD NEEDS

When the endpoint lands, one file changes

Draft PR

TODAY

Your endpoint and key

NEXT

Product endpoint, your sign-in

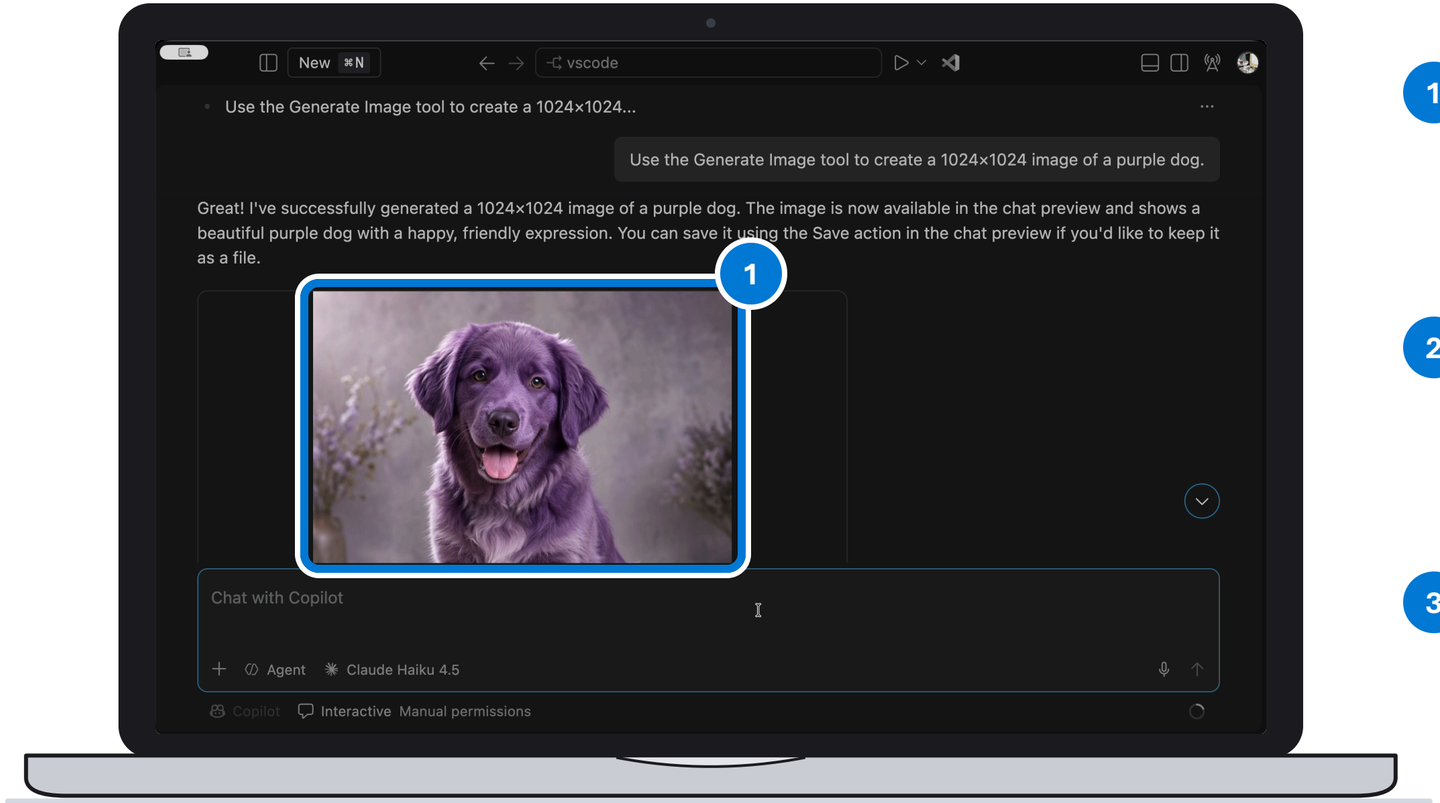

⚠ Release blocker: endpoint and sign-in.

Sources: microsoft/vscode#331859, Read chat responses aloud

GENERATE IMAGE · #335735

A chat tool draws the image you ask for

Draft PR, prototype

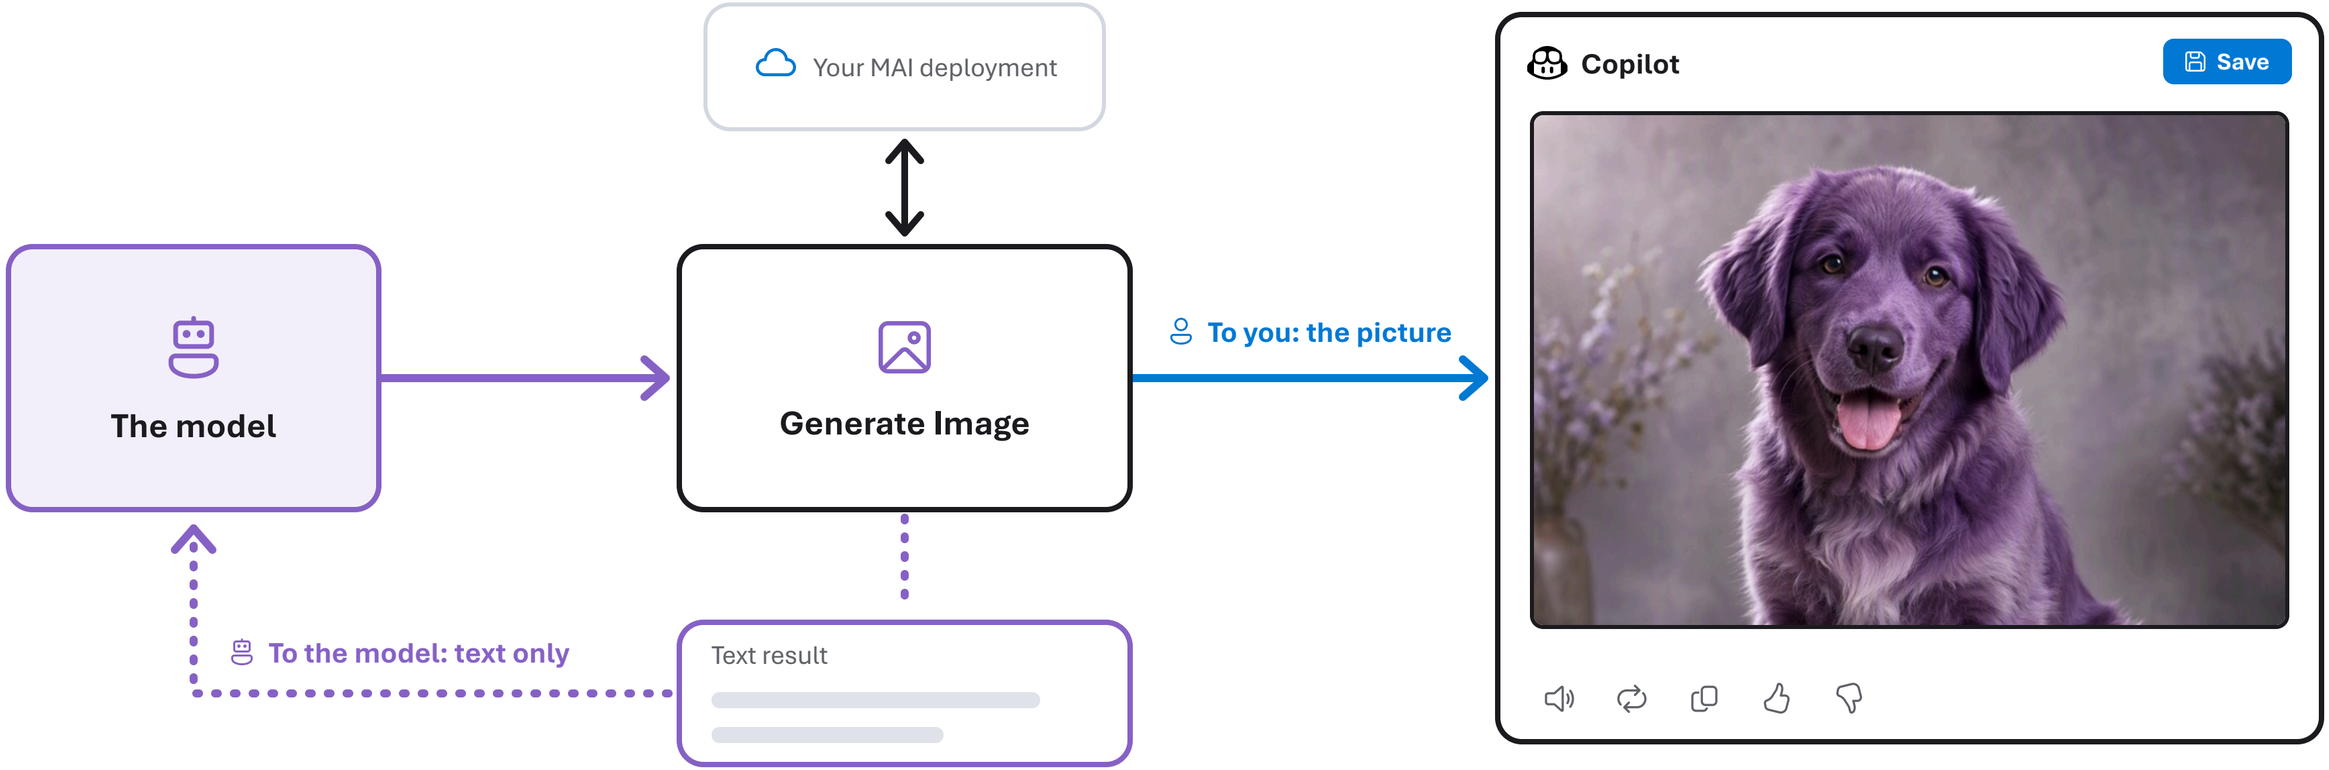

1. **MAI-Image-2.6, 1024×1024**
2. **Existing preview and Save**
3. **Your endpoint, your bill**

Sources: microsoft/vscode#335735, chat: add Microsoft MAI image generation

HOW GENERATE IMAGE WORKS

The model gets text, you get the picture

Draft PR, prototype

Never overwrites a file

Caps the response size

No automatic retry

Sources: microsoft/vscode#335735, chat: add Microsoft MAI image generation

TEACH THE PET · #338664

Describe a move, and the agent draws it

Draft PR

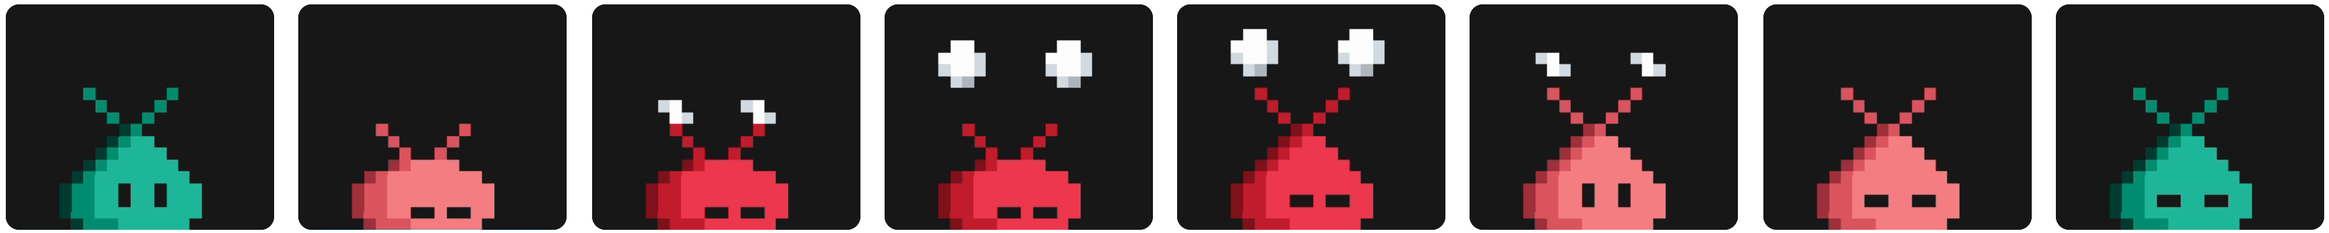

`/pet` an ANGRY move: it gets furious and turns red…

→

`petGuide` poses and art style

`teachPet` preview, then save

WHAT THE PET PLAYED, FROM THE DEMO

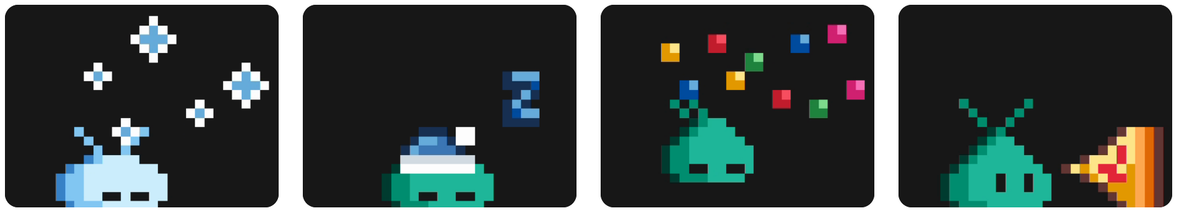

EVERY MOVE, AT MOST

24×24 pixels

16 frames

5 s long

FOUR MORE, ONE LINE EACH

`frozen` `sleepy` `yay` `pizza`

Sources: microsoft/vscode#338664, pet: teach the VS Code pet new moves

TEACH THE PET · REACTIONS

The pet reacts before the agent answers

Draft PR

1 Teach once

1 2 3 Teach it

Sources: microsoft/vscode#338664, pet: teach the VS Code pet new moves

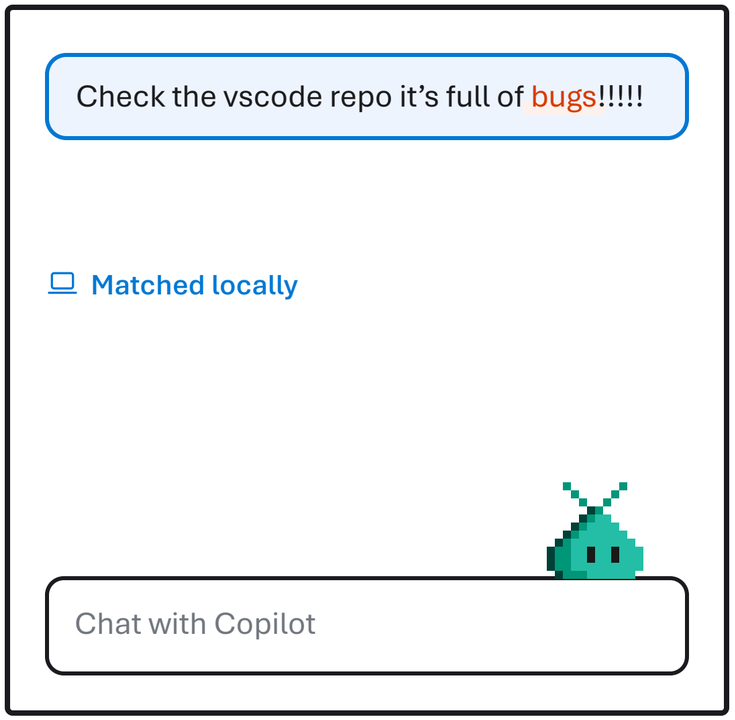

TEACH THE PET · REACTIONS

The pet reacts before the agent answers

Draft PR

1 Teach once

2 Say the word

1 2 3 Send it

Sources: microsoft/vscode#338664, pet: teach the VS Code pet new moves

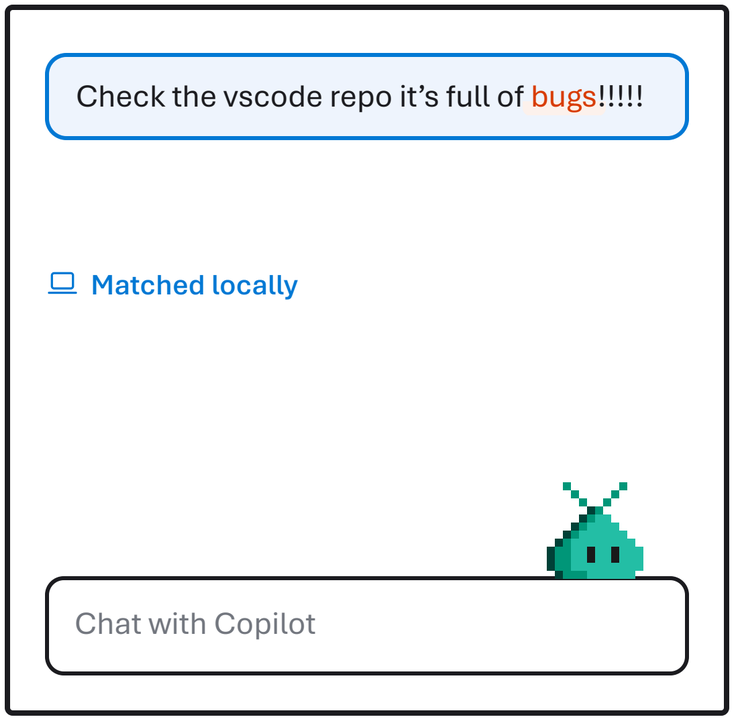

TEACH THE PET · REACTIONS

The pet reacts before the agent answers

Draft PR

1 Teach once

2 Say the word

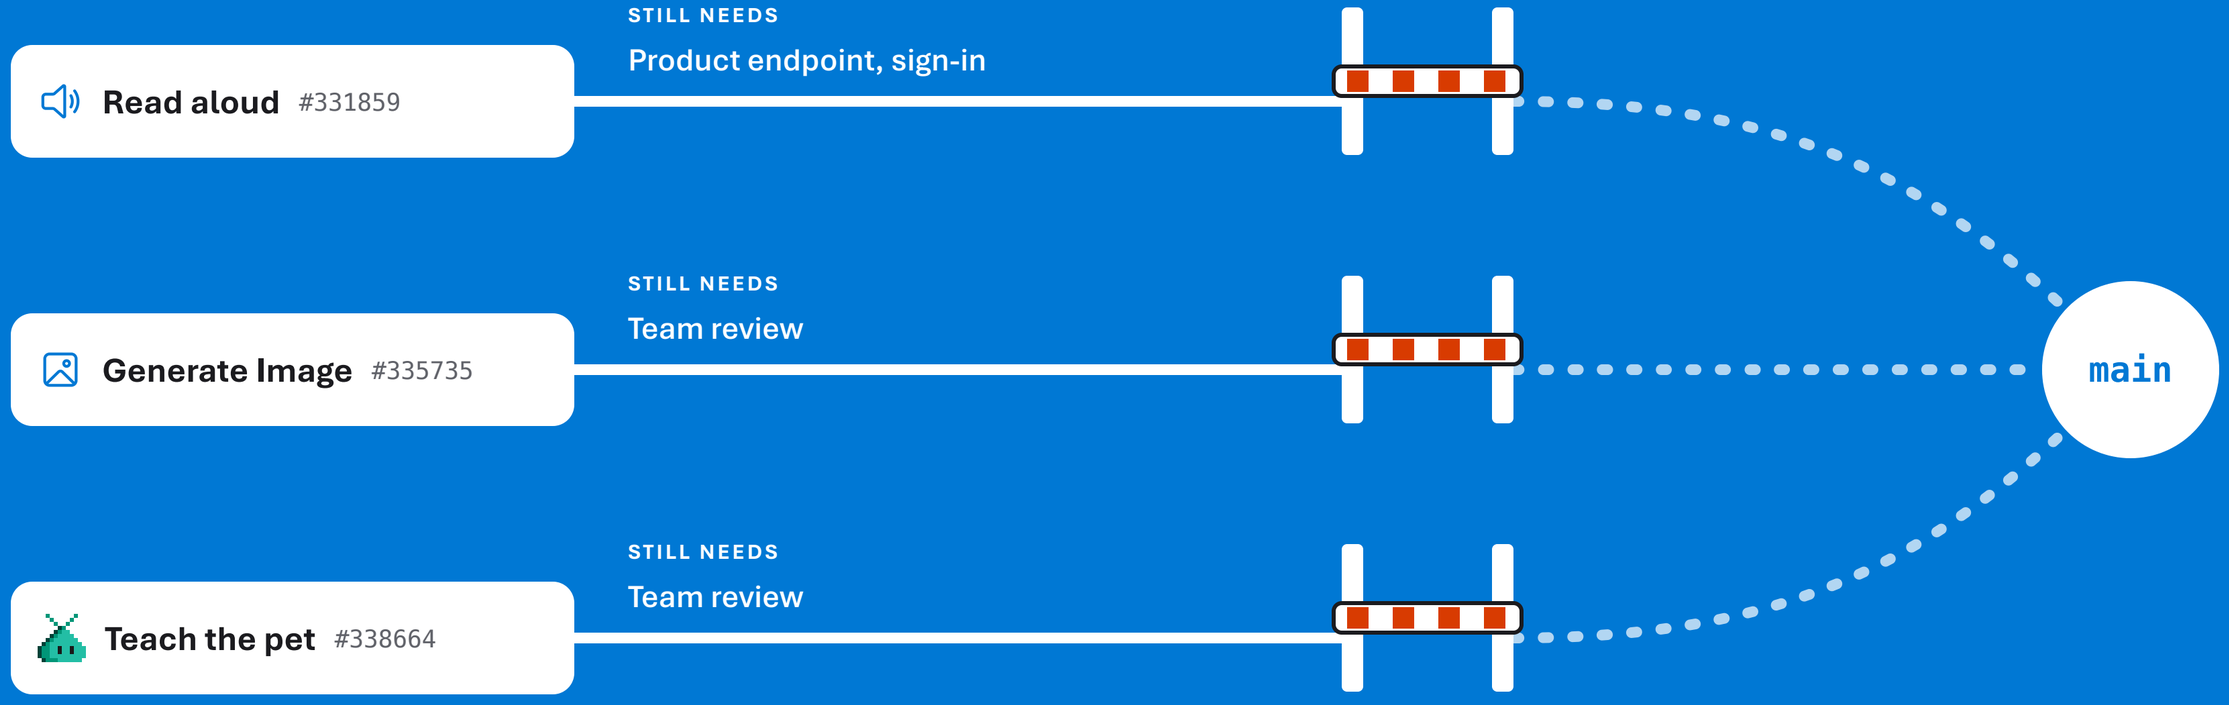

3 It reacts first

1 2 3 GRR!

Sources: microsoft/vscode#338664, pet: teach the VS Code pet new moves

WHAT IS NEXT

All three are open: what each still needs

Three features, little new UI.
